Institutional Members

MAI Mission - Mandate

**“Enhance the Training of Aerospace Students,
Engineers and Scientists”**

- 1. Industry Driven Projects**
- 2. Industry Driven Courses**
- 3. Industry-University Exchange**

**Customers: Students, Industry Engineers/Scientists
and University Professors**

Industry Driven Projects

- **Data base of top students CVs available to industry**
- **Undergraduate & Graduate student training**
- **Engineering and business schools**
- **Project-based learning (500 to 1000hrs)**
- **Work flexibility: location, hours, part-time, etc.**
- **Rotation between companies**
- **Project carried out at industry and university**
- **Supervision & mentoring by industry and university**
- **Visibility to all aerospace industries student projects**

A Distinctive Program

A Distinctive Program

A Distinctive Program

- **Aerospace awareness - Networking - Visits**
- **Industry needs training: CATIA, MATLab, etc.**
- **Specialised short-courses given by industry**
- **Conferences, workshops, forums, etc.**
- **Aerospace library, displays, hardware, etc.**
- **Data base of graduating students CVs available to industry**
- **Entrance Scholarships**

Benefits to Industrial Members

- **Access to top students**
- **Get the project done**
- **Flexible hours**
- **Support by institutes**
- **Experience in other aerospace companies**
- **Focus on students readiness**
- **Potential recruitment**

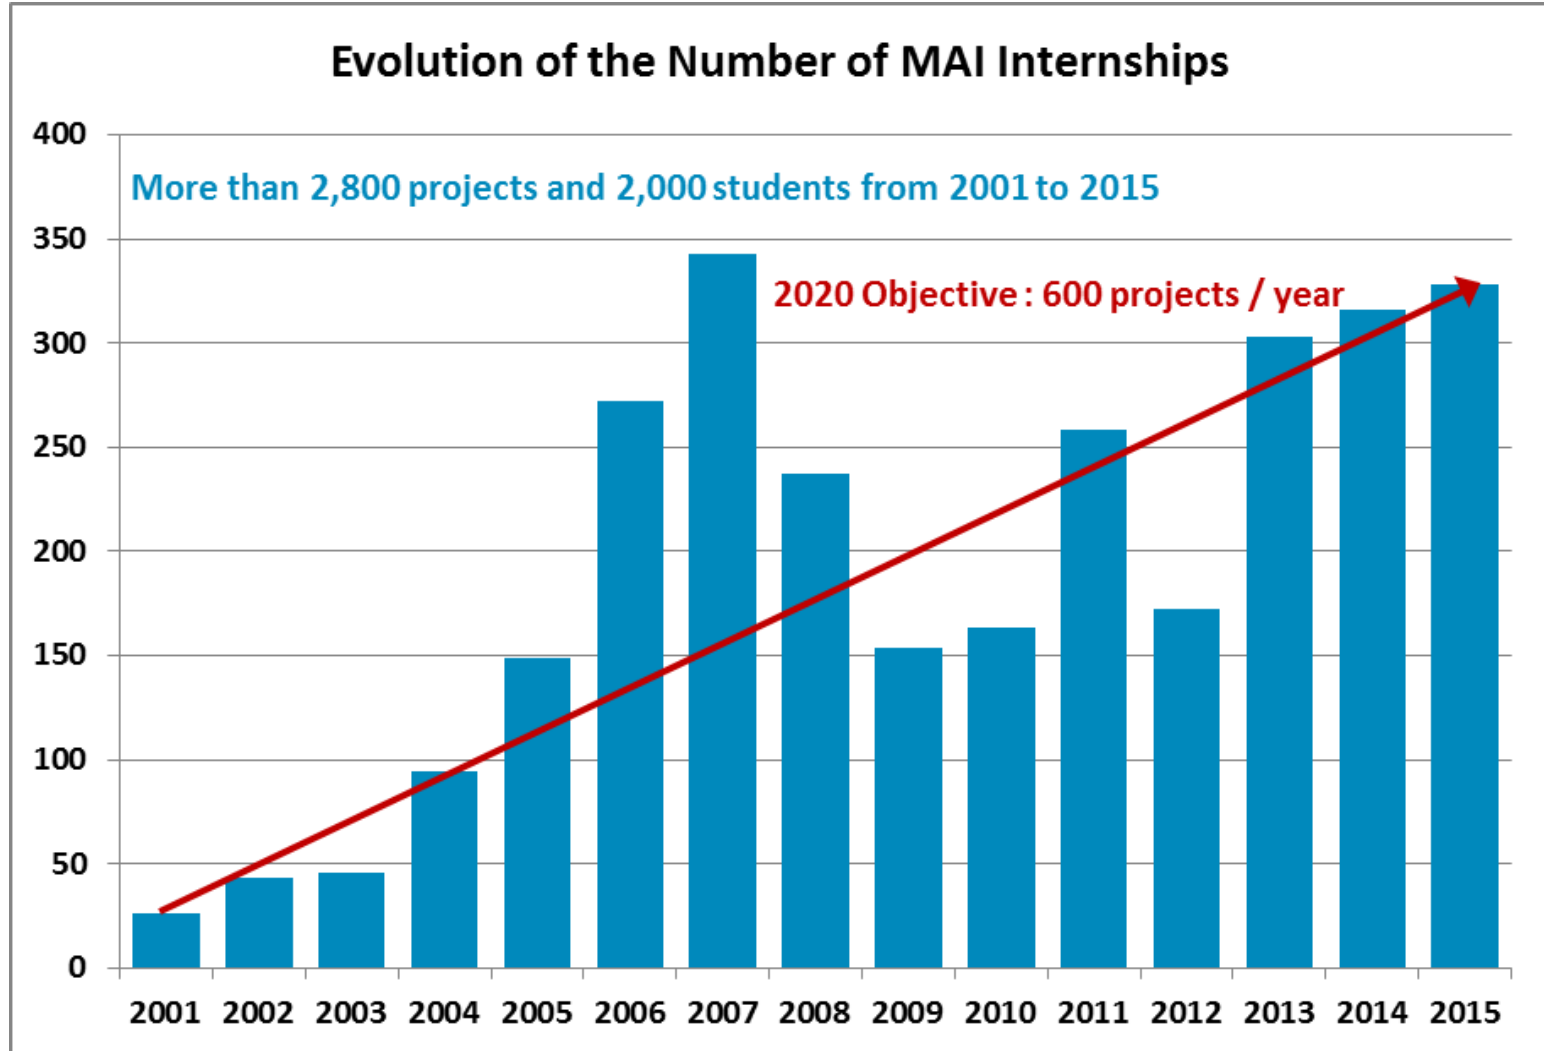

“One-Stop Shop”

Benefits to Students

- **Paid hours**
- **Enhanced CV with relevant experience in top aerospace companies**
- **Aerospace job opportunity**
- **International projects**
- **Readiness for graduate studies (CRIAQ, etc.)**
- **.... And much more!**

“Industry Environment on Campus”

Open to New Industrial Members
